## '237 Die In Explosion In Colombia

CALI, Colombia, Aug. 8 (UP)—Informed quarters speculated today that Tuesday's ammunition blast here was the result of sabotage.

The blast, which tore a crater some 70 yards across and 40 to 50 feet deep out of the suburb of the city and wrecked eight business blocks, was the worst catastrophe in Colombian history.

National authorities began airlifting relief supplies here within hours of the explosion.

The latest official report said at least 237 persons were killed, including 49 women and 43 children. Unofficial sources estimated that the toll would run into the thousands.

**Seven Trucks Explode**

Seven army trucks loaded with ammunition and explosives went up in the blast. Local authorities would not comment on the cause of the explosion, but President Gustavo Rojas Pinilla rowed that the persons "responsible for this treacherous and criminal attack will be punished."

Brig. Gen. Alberto Gomez, military governor of Valle province, ordered an investigation of the explosion.

The ammunition trucks were parked outside the Codazzi barracks at the time of the explosion. The barracks and the adjacent military police post and railway station were reduced to foundations and crumbling walls, and buildings for blocks around were wrecked.

John Younger, who works in the Pan-American Airways office here, saw the explosion from the window of his apartment, an eighth of a mile from the scene.

"First thing I saw was a light like a giant spotlight, then a tremendous explosion that lasted I don't know how long," said Younger, who was not injured.

**Shattered Glass Everywhere**

"Flare rockets were shooting up in the air. For a moment, all our windows were open, so we didn't get hit by shattering glass," the whole town is littered with glass and debris."

Survivors were combing the wreckage Tuesday night, seeking personal possessions which might have escaped damage, while troops patrolled the business district as a precaution against looters.

All of Cali's newspapers suffered to some degree. The worst damage was to the Diario del Pacifico, whose linotypes were damaged by the blast.

The newspapers Relator and El Pais were able to publish extra editions describing the disaster, but in order to do so they had to dig out rolls of paper which had buried in debris.

**NOTICE TO PERSONS INTERESTED IN SALE OF GAS APPLIANCES**

A meeting has been called for Friday night at 8:00 o'clock at the Circuit Court room of the court house for merchants, appliance dealers and plumbers, for the purpose of explaining the new gas ordinance. Instructions will also be given as to how they may secure a license to make gas installations.

This will be an important meeting for those interested in installing any gas equipment.

**LOSES TITLE**

AMSTERDAM, Holland, Aug. 8 (UP)—Ger. Greyn, 41, known as "World Bachelor No. 1," may lose his title some time this year, it was reported Tuesday.

Friends said that Greyn, organizer of four meetings of the "World Bachelor Congress," plans to marry 36-year old Miss Miss Beuders. No date for the wedding has been set, they said.

**WEATHER REPORT**

Southwest Kentucky — Mostly fair today and tonight. High today in lower 90s. Low tonight in low 70s. Thursday partly cloudy and continued warm with scattered afternoon and night showers likely.

Some 5:30 a. m. temperatures: Covington and Louisville 66, Paducah 66, Bowling Green and Lexington 66, London 56 and Hopkinsville 64.

Evansville, Ind. 64.

## Stevenson Pulls Switch In Effort To Unseat Harriman

By RAYMOND LAKE  
United Press Staff Correspondent

DEMOCRATIC CONVENTION HEADQUARTERS, Chicago, Aug. 8 (UP)—Adlai E. Stevenson gambled his Southern support today against a chance to deliver a quick knockout to Gov. Averell Harriman in their fight for the Democratic presidential nomination.

Some of the Democratic pros from the north viewed Stevenson's strategy on civil rights as part of a grand plan to cut the ground out from under Harriman and, at the same time, to improve his chances for victory in November.

But there also was a suggestion that any such maneuver might backfire and throw next week's Democratic national convention into a deadlock. A stalemate would enhance the chances of a dark horse candidate emerging with the nomination.

**Backs Court 'Unequivocally'**

Stevenson took his gamble by advocating a civil rights platform plank expressing "unequivocal approval" of the Supreme Court decision outlawing segregated schools.

Southern delegates, most of whom were uncommitted but pro-Stevenson, reacted with disappointment, shock or anger. They

viewed it as an unexpected switch from his "moderate" stand.

"The biggest blunder since 'Rum, Romanism and Rebellion,'" said one Southern moderate in a reference to the phrase which is supposed to have caused James G. Blaine to lose a presidential election to Grover Cleveland.

**South Standing Jeopardized**

Whether or not a blunder, Stevenson's action jeopardized if it did not forfeit much of his support in the South. From the South, Stevenson backers were counting on 214 of the 688 1/2 convention votes needed to win the nomination.

Southern delegates already are talking of swinging their votes to Sen. Lyndon B. Johnson or Sen. Stuart Symington, favorite son candidates from Texas and Missouri, respectively.

But some of the Northern Democrats figured Stevenson already had offset any Southern losses by Northern gains among fence-sitters who have not yet decided between him and Harriman. This viewpoint was heard among Democrats who thought Stevenson already had secured the nomination and argued that his civil rights statement had not altered the overall outlook.

**Negro Vote Appeal**

These same Democrats also suggested that Stevenson had started aiming for the full campaign by appealing for Negro votes in urban areas of the North.

Stevenson's remarks came as reports circulated here that former President Truman is just about ready to accept him as the nominee. Mr. Truman, who helped Stevenson win the nomination in 1952, has been considered pro-Harriman this year, although he has been publicly neutral.

One of the ex-president's friends said, however, that Mr. Truman would not jump into the Harriman campaign if he felt that a Stevenson nomination was a sure thing.

At Independence, Mo., where he was preparing for the convention, Mr. Truman declined to comment on these reports.

**Political Squall Subsides In Capital**

FRANKFORT, Aug. 8 (UP)—A political squall that brought a proffered resignation by state Police Commissioner P. A. B. Widener had apparently subsided today after Lt. Gov. Harry Lee Waterfield poured oil on the troubled waters.

Widener's resignation was handed in to Waterfield Tuesday, but Waterfield refused to accept it.

Waterfield handed the resignation back to Sturgill and told him to return it to Widener.

Later, Waterfield told newsman in answer to queries that there was no resignation in his office.

The speculated reason for Widener's offer to resign was a recent dispute with "other members of the state administration regarding the administering a state trooper for political activity."

The trooper was given a suspension for attending a Democratic county convention wearing his uniform. State police regulations prohibit partisan political activity by members of the force.

Neither Waterfield or Widener would comment on the reported resignation offer.

Widener would state merely that he had no resignation in his office "at this time."

Waterfield said Widener did not resign either by letter or oral statement or in any other way.

**Groom Shows Up After Funeral**

DURBAN, South Africa, Aug. 8 (UP)—A young bride who attended her husband's funeral three days ago hysterically welcomed him alone Tuesday.

Theresa Waters 25-year old husband disappeared from a cliff where he was fishing a week ago and was given up for dead. Funeral services were held Sunday.

Waters walked into the dining room of his family's cottage as they were having breakfast Tuesday.

"I only know that I woke up 50 miles from the coast last night," he explained.

**A STICKY PROPOSITION**

NEW YORK (UP)—Irving Benowitz purchased a painting at an auction but had trouble taking his purchase with him. He attempted to pull the painting from the wall. The frame came but the painting remained; it was a mural with a frame hung over it. Mr. Benowitz got his money back—\$5.00.

## Effort Redoubled As Polio Rises

CHICAGO, Aug. 8 (UP)—Health authorities redoubled their efforts today and urged the inoculation of city firemen as Chicago's record polio outbreak climbed past the 800 mark.

Dr. Herman Bundesen, president of the Board of Health, recommended the immediate vaccination of firemen with Salk polio vaccine. His recommendation was specifically aimed at those firemen manning fire ambulances and members of rescue squads.

Twenty-seven new polio cases and three deaths were reported Tuesday, raising the total for this year to 609 persons stricken with the disease and 16 deaths. This compared with 170 cases and 11 deaths for the corresponding period in 1952, the city's worst previous polio year.

Bunden also announced that 335 of this year's cases have been analyzed from the disease registry 59 of the victims suffering paralysis from the disease received Salk vaccine. Of these 50, Bundesen said, none received the full series of three shots, 12 had two shots and 40 received one shot.

**Music Lover Wins Right To Fiddle**

LOS ANGELES, Aug. 8 (UP)—Military officials breathed a sigh of relief when 22-year old Milton Erwin Nadel reported to an induction center today without his most beloved possession, a bull fiddle.

Milton kicked up quite a storm Monday by reporting to the induction center along with the bulky fiddle. He said he was ready to serve his country, but declared "I won't go without my fiddle."

When induction officials ordered the musician to leave the instrument, Nadel refused to be inducted.

He staged a sit down strike and strummed solos on the fiddle while Army officials became increasingly annoyed. "Not because he was playing off key," Nadel said, "but because he refused to be inducted."

Nadel and his fiddle finally were carried off to county jail by FBI agents. The musician spent the night behind bars, and the next day was reminded that he faced a long jail term and a heavy fine unless he changed his mind.

"I guess I'll leave my fiddle at home after all," Nadel told authorities Tuesday. "It will be lonely without it but..."

The music lover then was given another chance and ordered to report for induction this morning.

Nadel, still saddened by the loss of his fiddle, beamed with glee when he walked into the induction center and was informed that he could send for his bull fiddle after completing two months of basic training.

**The Shack Opens On Saturday**

The Shack teen-town in Murray will open on Saturday evening at 7:30. Admission will be \$1.00 for a three month membership or 25 cents per night.

It is expected that the teen-town will continue on a permanent basis depending on its use during August and September.

**HEADLESS CARP**

SAVANNAH, Tenn., Aug. 8 (UP)—A headless, two-pound carp caught in the Tennessee River last Saturday is being kept alive and on display at a Savannah store.

Fishermen said the wound where the head was severed, presumably by a motorboat propeller, has healed. The fish apparently sucked food into its body through the end of the gullet left exposed when the wound healed.

**FIVE DAY FORECAST**

Kentucky — Temperatures for the five-day period, Wednesday through Monday will average near the normal of 77. Little cooler Monday and Saturday and warmer Tuesday and Sunday.

Rainfall variable averaging 1.4 inch, but locally heavy rains occurring as scattered showers Thursday and Friday.

**FRENCH WARSHIP ALERTED IN SUEZ CANAL CRISIS**

THIS AERIAL PHOTO shows the 4,000-ton French warship, Jean Bart, in Toulon harbor after 30 units of the French fleet received "at-nd-to" orders in connection with the Suez Canal crisis. They are under the command of Vice Admiral Pierre Barjot. The British fleet received similar alert orders.

# Nasser Rejects Bid To Meet; To Go To Moscow

## No Operation Soon On Ford Land, Puryear

The Ford Motor Company will probably hold in reserve and deposits it recently purchased near Puryear, and no operations will begin there in the near future, according to a Paris attorney who handled the sale of the property.

Charles Montgomery, the attorney, said the automobile firm considered several tracts of land in the Henry County area before buying four acres near Puryear.

Sammy McCampbell of the Coffey Bank & Trust Company represented the Paris-Henry County Chamber of Commerce in helping Ford negotiate for the land.

Montgomery said a small plant is planned in the future to wash the sand and remove impurities, but that no plans have been announced for such a building in the near future.

Ford reportedly purchased the land for its huge auto glass factory in Nashville.

**Heat Wave Claims Three Lives**

A heat wave topping the 100-degree mark was blamed today for at least three deaths in the South and Southwest.

Meanwhile more thunderstorms were forecast for the Midwest, a battleground of hot and cool air masses.

Funnel clouds were sighted Tuesday night in southern South Dakota and Western Iowa. Gusts up to 50 miles per hour accompanied thunderstorms along the Missouri River from South Dakota to southern Iowa.

Scattered thunderstorms were forecast for today from the Rockies eastward to the Mississippi and Great Lakes region.

On the East Coast, northeast storm warnings were posted early today from Woods Hole, Mass., to Provincetown, and small craft warnings were raised from Block Island to Eastport. Northeast to north winds up to 45 miles per hour were forecast for the Cape Cod area.

In the South, a long-lived heat wave gathered steam Tuesday, and the mercury soared to 112 degrees in Oklahoma. Two heat deaths were reported in Oklahoma City and one in Houston, Tex.

Cool air brought some relief to portions of the South, but to Jackson, Miss., reported 100 degrees Tuesday. Tampa, Fla., was drenched by a thunderstorm that dumped 1.55 inches of rain on the city.

Police at Tupelo, Miss., caught two National Guardsmen swimming nude at a municipal pool.

**Garland Bastin To Judge Dairy Show**

The annual Callaway County Junior Dairy Show will be held at the Murray State College campus on Saturday August 11, 1956. Participants are limited to 4-H and F.F.A. members living in Callaway County.

Garland Bastin, University of Kentucky Dairy Specialist will judge the entries which will consist of the Holstein, Jersey and Guernsey Breeds.

The animals are scheduled to be on the show grounds by 9:00 a.m. and judging will start at 10:00 a.m.

Following the local show, a District Dairy Show will be held at Mayfield on August 13th.

**DEAL'S ALL WET**

ORLANDO, Fla. (UP)—The next time James P. Divine sees a bargain, he'll be a little more wary. Arriving late Monday at a county land auction, Divine bid for four lots, which he finally purchased for \$705. The shock came when he went to look at his new properties near the edge of town and found them right in the middle of Lake Okechobee.

**SLEEPER IN BANK**

NEWARK, N. J. (UP)—Police answering a call at a U. S. savings bank Monday night found Isaiah Matthews, 34, curled up fast asleep in a director's stuffed chair. Matthews was held without bail on charges of breaking and entering with intent to steal.

## Mosquito Control Planes Spray DDT

HENDERSON, Aug. 8 (UP)—Western Kentucky's never-ending battle against salt marsh mosquitoes continued on two fronts today following a heavy aerial attack in Hopkins County Tuesday.

Seven planes sprayed DDT and oil solutions over the mosquitoes breeding grounds near Flat Creek and Pond River in Hopkins County.

Gene Woods, Benton, mosquito control director with the state Department of Agriculture, said the sprayed area included some 7,000 acres.

Weather permitting, the Hopkins County spraying should be completed today and spray crews can concentrate on 1,000 acres each in Henderson and Webster counties.

The spraying pilots are concentrating on marshlands where the mosquitoes breed.

**Rift With West Widens As He Seeks Counsel With Russia**

By WILLIAM C. SEXTON  
United Press Staff Correspondent

LONDON, Aug. 8 (UP)—Egypt's President Gamal Abdel Nasser will reject the invitation to his government to attend the London Suez conference and fly to Moscow for urgent talks, instead, Egyptian sources in Moscow reported today.

These sources said Nasser will arrive in the Soviet capital Aug. 16, the day Egypt had been invited to join with 23 other nations on the question of internationalizing the Suez Canal. Egypt seized and nationalized the canal July 26.

India's Premier Jawaharlal Nehru said the Indian parliament in New Delhi that India would not fly to London Aug. 13 to represent India. He was expected to stop off en route to talk with Nasser.

**The India Plan**

The sources said he would sound out Egypt and Britain on the prospect of solving the crisis by setting up an international advisory body to help operate the canal, preferably under United Nations auspices. This would be accepted by "unequivocal acceptance of Egyptian sovereignty over the Suez."

Others of the 24 nations who have been waiting for India to make up its mind were expected to follow Nehru's lead. These included Ceylon and Indonesia.

Egypt and Russia had not yet announced their intention. Nasser said he would give his decision Sunday. The Western Big Three pressed Soviet leaders for a quick reply to the invitation.

**Roy Hamlin Is Winner Of \$20.00**

Roy Hamlin of 215 Irvan street was the winner last week of \$20.00 in merchandise at the Thurman Furniture Company on Main Street.

Mr. Hamlin was pictured on the Lucky Shopper Fotoquiz page and since his picture was circled, he qualified for the \$20.00 certificate.

His picture was taken as he was shopping at Ward-Elkins recently.

Check the Fotoquiz page today to see if your picture appeared in the charmed circle. The odds too because they are filled with bargains.

**Many Hear Dr. H. F. Paschall**

Capacity crowds are attending the revival in Paris, Tennessee at the First Baptist Church building where Dr. Henry Franklin Paschall, formerly pastor of the Hazel Baptist Church is the evangelist.

Frank Chavart, secretary of the Department of Music of the Tennessee Baptist Convention is leading the singing.

Among visitors at the revival Sunday was Dr. T. T. Crabtree, pastor of the Immanuel Baptist Church of Tulsa, Oklahoma, formerly of Calloway County.

Services are being held at 7:00 a.m. and 7:30 p.m., CST.

## REVIVAL INVITATIONS GENUINE

The attention of our readers is called to the number of revivals now in progress over the county. We have carried numerous articles in the news columns of the Ledger and Times and several advertisements, calling the public's attention to this fact.

The sentence "the public is cordially invited" is no empty line of words added to news articles and advertisements to fill space. The pastors and congregations of the churches actually want visitors to come to their revivals to become Christians or to renew their faith and zeal.

We have come to realize that religion is not necessarily Christianity, and can, in some of its forms, be a great enemy to Christianity.

Christianity has no place for complacency. A person may feel he has religion and drift along committing the great sin of leaving God out of his life. He makes synonyms of Christianity and religion.

He can justify all his actions and feel he is living a good life and still not be following the tenets of Christianity.

We believe that for a person to be a real Christian, he must be able to look into his own heart with an unprejudiced eye, admittedly a very difficult thing to do, and see for himself what he really is.

He must pull aside any curtain which hides his real self and search his heart for the true picture.

One can have religion and never have to face the embarrassing facts concerning himself. If he is a true Christian, he cannot escape it.

In accepting Jesus Christ as his personal Savior, the Christian can no more hide from himself, than he can hide from the Lord.

He must KNOW himself and recognize his weaknesses, before he can fully accept Christ, because humbling one's self is a prerequisite of becoming a Christian.

In the revivals in Calloway County church buildings over the past few weeks, and in the weeks to come, much good can and will be done. The invitations extended by the churches are genuine, since their one motive is to spread the Gospel.

## 10 Years Ago This Week

Ledger and Times File

Horses from the "show me" state of Missouri took four first prizes last night in the concluding exhibition of the Calloway County Horse Show held in Cutchin Stadium. The two night event drew large crowds.

Outland School is progressing with an enrollment of 30 students under the leadership of Mrs. Milton Outland and Mrs. Burr Waldrop.

Grover C. Gibbs, 61, well-known resident of the Martins Chapel community, died Sunday morning at one o'clock in Houston-McDevitt Clinic following a three week's illness of pneumonia.

Thirteen-year-old Louise Lovins Balentine, wife of a 13-year-old Trigg County farmer, is the mother of a seven pound, eight ounce daughter, born at a Cadiz clinic. The baby's maternal grandmother is 29.

The Off-Campus Girls organization of Murray State College was hostess at a tea given in honor of the young ladies of the 1946 graduating class of Murray High School, Murray Training School, Concord, Almo, Kirksey, Lynn Grove and Hazel High Schools in the parlors of Wells-Hall.

VANCOUVER, B. C. — Neil Brown, Stewart Jr. Louise Stagg and the women's crew.

NANCY IGO, 32, lies with a broken leg in a New York hotel and has the distinction of being the first Andrea Doria-Stockholm collision survivor to file suit against the Italian line. (International)

Prime Minister Eden

U. S. Sixth fleet warships refueling in the Mediterranean.

Freighters stream through the 100-mile-long Suez canal. President Nasser

EGYPTIAN TROOPS on combat alert are stationed along the Suez canal, seized and nationalized by Egypt's President Gamal Abdel Nasser in a bold follow-up to U. S. withdrawal of financial support for his Aswan

dam project. Keynote of the situation is whether ships passing through will pay fees to Egypt, as Nasser demands, or to the Suez canal company. With England and British Prime Minister Anthony Eden

rests much of the what-to-do about the canal situation. Suez is Britain's lifeline to the Orient. Both Britain and the U. S. have naval strength in the Mediterranean, in case armed force is required. (International)

## Newcombe Moves Within Range Of Two Nat League Records

By FRED DOWN

United Press Sports Writer

Don Newcombe moved within range of two National League records today in his brilliant bid to pitch the Brooklyn Dodgers to another pennant.

His Newk notched his third straight shutout, his eighth consecutive victory and his 17th win of the year Tuesday night in overpowering the Pittsburgh Pirates, 3-0. The win enabled the Dodgers to stay within 1½ games of the first-place Milwaukee Braves, who beat the Chicago Cubs, 6-1, in an afternoon game.

Newcombe needs one more shutout to tie the league mark of four in a row shared by Mordcai Brown, Grover Cleveland Alexander, Ed Reulbach, Bill Lee and Sal Maglie, and his string of 33 consecutive scoreless innings gives him a shot at the league mark of 46 1/3 set by Carl Hubbell in 1933.

Snider Pits 31st  
Newcombe struck out six and

## The Sports Patrol

By STEVE SNIDER

United Press Sports Writer

NEW YORK (AP) — A new eastern college athletic "conference" including Pittsburgh and Penn State is shaping up for a trial run in 1957.

It won't be an official conference that soon but some of the wishful thinkers keep insisting that only a few details involving minor sports remain to be settled before the group becomes a formal league.

One of the prospective new members points out a league could exist in fact if not in name during the 1957 football season with Pitt, Penn State, West Virginia, Boston U. and Syracuse playing almost a round robin schedule from which league standings readily could be compiled.

### Matter of Time

"It's only a matter of time before it goes through as a formal conference with perhaps a few other schools added," said a spokesman for the hopeful new member.

Colgate, Villanova, Holy Cross and Boston College are among those mentioned frequently in recent years as ripe for a conference affiliation. Advantages of conference ties are obvious in many sports but particularly in football and basketball where bids to post-season competition are automatic for certain conference champions.

The various football bowls, fol-

lowing the lead of the Rose Bowl, have been moving toward closed shop pacts with several conferences to relieve the bowl committees of their annual headache of selecting suitable foes.

In basketball, conference teams have a stranglehold on berths in the NCAA championships.

### Makes Turnstiles Move

More important, however, is the intro - conference rivalry that makes turnstiles move faster even in this era of television. Notre Dame, the most successful of all independents, probably could have a sellout playing Old Siwash but the Irish-like Army and Navy are more or less a national institution in football. The others are grateful for the box-office appeal involved in a good hot conference race.

Pitt, Penn State and West Virginia for some seasons have been playing a three-team round robin that amounts to a dandy rivalry. Pitt beat its two rivals handsily last season while West Virginia knocked off Penn State.

Syracuse, victor over Army in a later game, gave Pitt a good run in the opening game before losing eventually, 22-12.

While Pitt might dominate any league of eastern independents, the Panthers aren't likely to grab such a hold in any sport as Oklahoma has in the Big Seven in football. It's a moral-victory

## Looking for CANADIAN INVESTMENTS?

Investors Group Canadian Fund Ltd. is a diversified, continually managed mutual fund organized in Canada with investments in Canadian securities, seeking long-term growth possibilities through:

1. Investments in companies participating in the development and expansion of Canadian natural resources, industries, and commerce.
2. Automatic reinvestment of all dividends and other earnings, providing special tax considerations.

Get the facts on this mutual fund contained in a free prospectus-booklet from:

WAYNE MORLEY, Zone Manager, 1742 Mayfield, Ky. - Representing Investors Diversified Services, Inc.

## EXECUTOR'S SALE

We, the Executors of the T. O. Turner Estate, in order to make final settlement, will on August 11, 1956 at 2 p.m., same being on Saturday, at the Court House Door in Murray, Kentucky, will offer for sale for cash to the highest bidder the following described properties:

1. One, six-room, frame house and lot, located on North 3rd St., said lot being 75 feet East and West, by 75 feet North and South. House in fair condition.
2. One, five-room concrete block house, located on Ash Street in the City of Murray, known as the Shellie Farris old store-house place, said lot being 49 feet East & West, by 75 feet North and South. House in fair condition.
3. One, five-room, frame house and lot, house in good condition, located on North 6th Street, said lot being 83 feet North and South, by 150 feet East and West.
4. One, concrete block house, located off of highway, about three miles East of Murray, said house having four rooms in fair condition, lot being 140 feet by 156 feet.
5. One, four-room, frame house in good condition and 17 acres of land located on the Eggner's Ferry Highway approximately 12 miles northeast of Murray.

The purchasers will be prepared to pay cash upon delivery of deed which can be done by the Executors within two or three days. The houses located in the City of Murray are all occupied and it will be necessary after the sale to give the tenants at least thirty days notice. The property may be inspected by appointment.

DOUGLAS SHOEMAKER, Auctioneer

GEORGE HART and KATIE MARTIN OVERCAST, Executors

S/SGT. Elwyn Scarborough, Lynchburg, S. C., is shown in Parris Island, S. C., where he told the court-martial of S/SGT. Matthew C. McKee that it was he who initiated the vodka drinking episode in the barracks the day of the "death march" in which six Marine recruits drowned. Scarborough was court-martialed earlier and lost one stripe. (International)

## TVA WEEKLY NEWS LETTER

Future licenses for agricultural use of TVA reservoir land will contain a provision prohibiting the growing of price-supported crops in surplus supply, TVA announced today. This action complies with a memorandum of the President issued to all Federal agencies and departments. The only exception will be reservoir land licensed to Federal and state agencies for the production of food for wildlife.

The prohibited crops include corn, cotton, rice, peanuts except Virginia and Valencia, wheat except durum Class II, tobacco, barley, grain sorghums, oats, rye and dried edible beans. However, barley, rye and oats may be grown solely for pasture and hay, but must not be harvested for grain.

During the 1957 crop growing season, TVA expects to have about 28,000 acres licensed to 1,700 licensees for agricultural use. Approximately 460 licenses, covering about 7,500 acres, expire this year. New licenses for use of this acreage will prohibit the growing of price supported crops. The act of price support does not affect other licenses still in force until their normal expiration.

TVA reservoir land is not retained by TVA specifically for agricultural use. Such lands are available and suitable for agriculture without interference with TVA program use of the land on a competitive bid basis for short term licenses, never longer than 5 years. As licenses expire, lands are re-offered on a competitive bid basis sufficiently in advance of the next crop season to permit farmers to make adjustments in their farm plans. No farmer has or can acquire any vested interest in TVA land because of an agricultural license. In no case has any assurance of tenure for longer than 5 years, and even these licenses may be terminated at any time without regard to payment period by TVA's giving written notice to the licensee.

TVA said today it has renegotiated fertilizer distribution contracts with 25 private companies and cooperatives operating through 72 wholesale outlets in 35 states. Under the agreements, TVA materials are used in a "distributor demonstration program," developed and conducted by the distributors in cooperation with TVA, the land-grant colleges, and other state and Federal agencies. The distributors agree to participate in one or more of the following phases of the program: To introduce new TVA fertilizers and encourage their proper use; to encourage the production and proper use of lower cost higher analysis mixed fertilizers; and to use TVA materials in promising new processes and distribution practices and in producing promising new products.

TVA said today that 2,071 foreign visitors from 75 countries came to the Tennessee Valley to study various TVA operations during the fiscal year which ended on June 30. They came for periods varying from several days to several weeks. An additional 1,797 U. S. citizens from 39 states undertook close-up studies of TVA.

The figures do not include trainees who spend longer periods of intensive study, nor do they include tourist visitors who only make brief stops at dams and steam plants.

The ten countries sending the greatest number of observers during the fiscal year were Germany, Brazil, India, Japan, Indonesia, France, Formosa, Mexico, Italy, and Colombia. Highest ranking foreign visitors were Prime Minister U Nu of Burma and

## Keep Thin Girls, Advises Expert

By VERNON SCOTT  
United Press Staff Correspondent  
HOLLYWOOD (AP) — Thin, scrawny girls were advised by a dietary expert this week to keep their slender figures instead of trying to fatten themselves up in the Gina Lollobrigida tradition. Crusading against avoirdupois is S. Richard Stern, research director of the National Dietary Food Association which is holding its annual convention in early Pasadena.

"Most of today's well-upholstered glamour girls soon will be down-right chubby," says Stern. "The English newspaper reports observation that Marilyn Monroe's 'spare tire' is the first sign Marilyn is on her way to becoming a heavyweight."

No Work Left  
"Today's modern inventions and the pace of living are working toward making girls heavy. There's no real hard work left to do around a house, and most food is rich and fattening."

According to Stern, thin little president of health food outlets, women would do better to pattern themselves after Audrey Hepburn and Grace Kelly rather than Ava Gardner or Lana Turner.

He pointed out that health foods have become big business in the United States to the tune of some \$25,000,000 a year. "Our convention represents 500 firms," he added, "which produce about 5,000 products. We're growing all the time because the country is becoming increasingly weight-conscious."

"We're helping to prove that figures do lie — human figures, that is."

Voluptuous girls make for heavy-set women. There's no getting around it. Everyone tends to grow heavy with age, but females blessed with ample curves in their 20s and 30s have a head start to becoming fat.

Stern went on to say that overweight people cut from five to ten years off their lives. Most of them are victims of over-eating. "Dieting isn't the answer," he said. "Nine out of ten people find dieting doesn't work because they can't stay on them."

"The public is constantly fooled by fad diets, too — hoping to undo the work of decades in a few weeks. To beat the weight problem individuals must change their eating habits completely."

"A scientific way to lose weight and to maintain a control of good health is to eat six to eight times a day — and by eating the right kind of health foods. It's better to be flat-chested and live to a ripe old age," Stern concluded, "than to have an hour-glass figure and end up a young, plump corpse."

The first three technical training schools for enlisted women in the Navy were: Radioman, Medic, and Storekeeper, Bloomington, Ind.

## Mrs. Moltenberry Visits In Murray

Mrs. Nola Moltenberry, Bowling Green, state president of the Woodmen Circle, was house guest of Mrs. Golda McKee Curd from Wednesday until Saturday.

On Friday Mrs. Moltenberry, Mrs. Curd, Mrs. Lois Waterfield, and Mrs. Clifford Melugin were entertained with a luncheon by Mrs. Martha Carter, state manager. The afternoon was devoted to formulating plans for the next Woodmen Circle State Convention, which will be held in Bowling Green. The date has been set for April 11 through April 13.

## Social Calendar

Group I of the CWF of the First Christian Church will meet at the home of Mrs. Robert P. North Tenth Street, at two-thirty o'clock.

Group II of the CWF of the First Christian Church will meet at the home of Mrs. Rudy Albritten at two-thirty o'clock.

Murray Assembly No. 19 Order of the Rainbow for Girls will meet at the Masonic Hall at seven o'clock.

## Tuesday, August 14

The Circle V of the WMS meets at three o'clock at the Five Point Mission.

Circle II of the WSCS of the First Methodist Church will meet at two-thirty o'clock in the social hall of the church, with Mrs. Claud Farmer and Mrs. John Hamilton as hostesses. Mrs. Bus Swann will have charge of the program.

## Engagement Announced

Miss Carolyn Sue Carraway

Mr. and Mrs. T. C. Carraway, 208 North Eighth Street, Murray, announce the engagement of their only daughter, Carolyn Sue, to Paul Averitt Purvis, son of Mr. and Mrs. Paul W. Purvis, 909 North 25th Street, Paducah.

The bride-elect is a graduate of Murray High School in the class of 1954. She is now a junior at Murray State College and a member of Alpha Sigma Alpha social sorority.

Mr. Purvis graduated in 1954 from Tilghman High School and is also a junior at Murray State College where he is a member of Pershing Rifles fraternity. The wedding will be solemnized at the South Pleasant Grove Methodist Church on Sunday, August 26, at four o'clock in the afternoon. All relatives and friends are invited to attend.

## Law Business Will Now Be Dissected

Believe it or not, a car has just stopped and the driver inquired, "What's this big lake you have here?"

I asked where he was from that he didn't know, but he was excusable, perhaps, for he was from Wyoming. I gave him a Kentucky Lake Guide which Mr. Elbert Lassiter left with me, so he said he might come back to fish sometime.

We have had sufficient rain this time that crops of everything are bountiful, for which we should all give as much thanks as we would grumble under different circumstances.

Several people are seen in on vacations now. Mrs. Nola Albritten's sons have visited her and Elwell Albritten from Minnesota. Leon and Mr. and Mrs. Noble Lovins from Michigan have visited Mr. and Mrs. Perry Albritten. Mr. and Mrs. Cecil Sills with a nephew visited in Missouri last week.

Fourth Sunday in August there is to be a homecoming at Nevill's Creek, but somehow I don't look forward to it. Too many of those who made up the church when I lived there have gone to the final homecoming and then others are scattered far and wide.

Thursday of this week is election day in Stewart County and everybody and their dog will go to Model where there will be ice cream and hot dog stands, babies bawling women walking endlessly trying to find a shady place to sit, and everybody talking at once. Guess I'll be one of those tired ones that night.

Some of these days the coming of the dam may make resort hills just as it has here.

Some people like to go back and live permanently at these quiet places on the lake.

Mr. and Mrs. Vester Ransom of Mayfield sold their town home and now make their home at their hall top cottage near Johnnie Reeds. They even have a tractor.

Mr. and Mrs. H. B. Bailey spend most of their time in their cozy lake side cottage down on Cypress Creek and how the grandchildren love visiting. But fishing this year has not been what it was.

Well, schools will soon be starting and there hasn't been enough time for all the things we wanted to do.

Mr. and Mrs. Guy Lovins did visit friends, the Heads, down in Georgia one week-end, and Mr. and Mrs. Otis Lovins intend to visit their daughter Wilma in New Jersey during August, but I haven't even had time to visit the neighbors I wanted to visit.

Thus it is all through this rushing life. There wasn't enough time.

WHO IS ELVIS?  
NEW YORK (AP) — Elvis Presley may have the sympathy of 71 per cent of the nation's teenagers and the idolatry of 11 per cent. But 18 per cent hasn't the vaguest idea who "The Pelvis" is. A youth magazine institute survey said many of the 18 per cent never had heard of the rock-'n'-roll singer, while others misidentified him as a comic strip character, Southern senator, evangelist, mystery novel detective and radio news commentator.

BAR BELLS STOLEN  
TAMPA, Fla. (AP) — Police searched today for a muscle-bound burglar who stole William Nunnally's set of bar bells over the weekend.

## [PERSONALS]

Susan Ochocka is the name chosen by Mr. and Mrs. Melvin Ross Oliver of Murray Route Five for their daughter, weighing six pounds six ounces, born at the Murray Hospital Monday, July 30.

Mr. and Mrs. Frelon Pierce of Kinksey Route One are the parents of a daughter, Doris Ann, weighing six pounds two ounces, born at the Murray Hospital Wednesday, August 1.

Mrs. Herbert Wells and daughter, Mary Lee, of Detroit, Mich., are the guests of Mrs. Leola Norsworthy.

Miss Kathleen Patterson has returned from a three week's visit with a cousin, Dan Banks and family of Deatur, Ga.

Mrs. Mason McKee, who has been spending the summer in Murray doing graduate work at Murray State College, returned Saturday to her home in Detroit.

Mr. and Mrs. Clatus Dodd and family of Detroit, spent last week visiting Mrs. Dodd's parents, Mr. and Mrs. Charlie Shroat.

Mr. and Mrs. Nevill Pendergast were Sunday guest of Mr. and Mrs. Kenneth Barnhill and children.

Mr. and Mrs. Albert Bazzell Jr. and children of St. Clair Shores, Mich., were recent guests of relatives in Kentucky.

Mr. and Mrs. Atley Charlton and Will Mae of Missouri and Mr. and Mrs. Billy Charlton of Georgia spent the weekend with relatives in Kentucky.

Bro. and Mrs. Charlie F. Arnett and children of Russellville, Ky., spent one day last week with home folks.

Mr. and Mrs. Hollis Bazzell and daughter of Phoenix, Arizona, visited relatives in Kentucky recently.

Mr. and Mrs. Tuz Youngblood of Michigan spent the weekend with home folks.

Mr. and Mrs. Jennings Turner, Mrs. William Carter and Mrs. J. Ray Kufer visited relatives in Tennessee Sunday.

## Woodmen Circle Has Picnic At Park Thursday Evening

Mrs. Nola Moltenberry, Bowling Green, state president of the Woodmen Circle, was the special guest at the August meeting of the Murray group, held Thursday evening at the City Park. It was a chicken dinner with home-made rice cream and home-baked cake for dessert.

Mrs. Moltenberry brought greetings from the Bowling Green group and extended a special invitation to all Murray members to attend the Woodmen Circle state convention which will meet in Bowling Green on April 11-13.

During the brief business session following the meal, Mrs. Onida Boyd, president of the local group, announced that the regular meetings would be resumed on Sept. 13 at the Woman's Club House. This service club will continue to meet on the first Thursday evening in each month in the homes of members.

Mrs. Boyd appointed the following nominating committee: Mrs. Lois Waterfield, Mrs. Golda Curd, and Mrs. B. Wall Melugin, to report at the September meeting.

## DULLES REPORTS ON THE SUEZ CANAL CRISIS

SECRETARY OF STATE John Foster Dulles is shown in the Oval Room of the White House as he delivers a TV-radio report to the nation on the Suez Canal crisis. He was introduced by President Eisenhower who said the United States was "vastly disturbed" by Egypt's seizure of the canal. The President listened as Dulles said that he was confident that the forthcoming 24-nation conference in London will produce international control of the Suez Canal and recognition of Egypt's "legitimate rights" in the waterway. The Secretary said that Egypt's seizure of the canal "was an angry act of retaliation against fancied grievances." (International)

## Green Creek News

August 4 and it is hot in our part of the county but this is what we want to make the crops grow.

We have the best corn and tobacco that we have had in about five years, but this weather also makes more grass grow for us poor people to mow and I have just about let my yard get ahead of me. But will try to catch up tomorrow.

No sickness that I know of other than Mr. Stubbfield and he is holding his own.

Neighbors and friends of Mrs. Jack Trevathan cannot peaches for her last Tuesday. She has had an operation but is up and about, she is not able to take care of her fruit.

Mrs. Lela Culp helped Mrs. Flossie Miller can peaches and tomatoes Saturday afternoon.

The Gospel meeting is in progress at Green Plain Church of Christ with Bro. Frank Gould doing the preaching. Everyone is invited to attend services at 3 in the afternoon and 7:30 at night (C.D.T.).

The farmers are beginning to talk about cutting tobacco but let's hope its get cooler before that time. Most tobacco will be to cut before too long.

**"As You Sow, So Shall You Reap"**

A truer statement was never made. To reap the harvest you expect, get your field seeds, garden seeds, and Hybrid seed corn from Co-op.
